

MEET THE TEACHER!

Welcome to first grade! My name is Kimberly Clark. I have been teaching for ten years . I have taught Kindergarten and Second Grade. First Grade is my favorite.

I have two wonderful children. Alexander is going to 7th grade and Isabelle is going to 5th grade! How does time go by so quickly? We live out in the country in Fuquay Varina with our loving lab, Bentley. We also foster other dogs during track out.

I am excited to start a new school year. We are going to be learning A LOT! It is my hope that your children will be excited to come to school everyday and that I can show them that learning is FUN!
